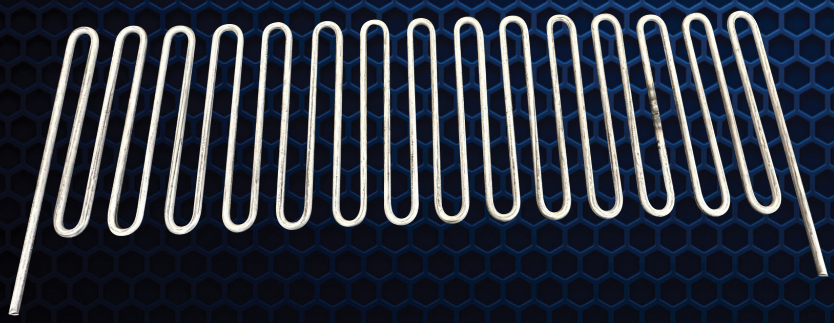
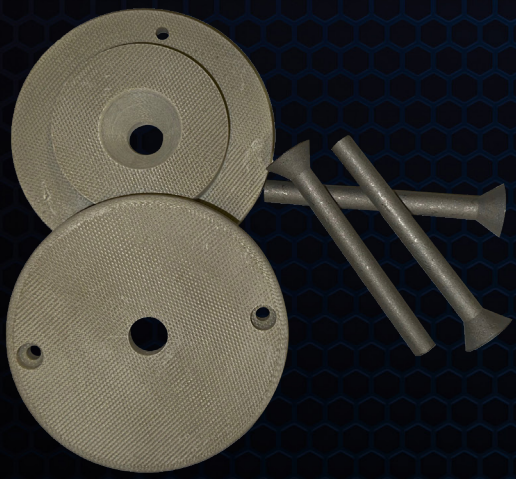
LINDBERG/MPH

INDUSTRIAL FURNACE PARTS & SERVICES





Lindberg/MPH furnace replacement parts and aftermarket services are available for all makes of heat-treating and non-ferrous furnaces. As a manufacturer that has been around for over a century, we have the expertise and extensive archive of resources to solve your industrial furnace problem.

The Real Deal

Our parts are original, genuine Lindberg/MPH replacement parts. When it comes down to replacing your critical furnace components, you can depend on Lindberg/MPH parts to work every time. Many of our parts are custom-made to meet your furnace's exact specifications. This ensures a perfect fit and an optimized level of performance when installed.

Stocking Program

Our custom stocking program is tailored to your furnace type, application, and operation. We know the importance of minimizing downtime so with our stocking program, we keep your critical parts in stock and ready to ship the same day in case of an emergency.

Unmatched Service and Support

Our factory-trained experts help diagnose issues, order parts, install your equipment and upgrades, or perform annual maintenance and testing. Our dedicated parts and service teams pride themselves on timely response and comprehensive support. Below is a list of services Lindberg/MPH offers for industrial furnaces and non-ferrous melting and holding equipment.

- Calibrations
- Preventive Maintenance
- SCADA Systems & Control Upgrades
- Temperature Uniformity Survey (TUS)
- Training Classes
- Turn-key Installation & Commissioning
